

### **RUGGED ENTERPRISE MOBILITY**

# **PM66**

PM70

# **Empower your business with PM70/PM66**

Enterprise Mobility is evolving fast, more various vertical markets require Android handheld devices.

To answer such demands at both in-premise uses and outside-4-wall applications,

Point Mobile represents two rugged Android, compact-sized PM70 and PM66 with physical-numeric-key.

CPL

# Get wings for your business with Qualcomm<sup>®</sup> Snapdragon™

05

### Enterprise-level Google Android 6.0 Marshmallow

With Qualcomm Snapdragon 1.4GHz quad-core mobile processor, PM70/PM66 enable you to make unbelievable performances possible: reliable and crystal-clear voice calls, a superior internet connection and the battery efficiency including fast charging and long life. The battery can charge up to four times faster, so you spend less time plugged in and more time doing the things you need to do.

PM70/PM66 are supported by Google Android 6.0 Marshmallow. With a certification of Google Mobile Services(GMS), PM70/PM66 support all Google official API including Google Play and Google Maps. We built from AOSP(Android Open Source Platform) but also tuned as Enterprise level, such as Power Launcher and EmKit.

Features

#### **Enterprise Mobility Kit = EmKit**

We, Point Mobile, proudly announce EmKit [æmkit], our fully customized suite for Enterprise Mobility market. EmKit includes EmKit Secure, EmKit Wireless, EmKit Remote and EmKit Suite.

**EmKit Secure** It features device lock-down, peripheral lock-down via industrial

grade encryption.

EmKit Wireless Corporates require industrial grade Wi-Fi, such as fast-roam-

ing, smooth hand-over and CCX v4 compatible.

**EmKit Remote** World-proven MDM launchers (Airwatch, SOTI, Teamviewer) are

pre-installed.

**EmKit Suite** It includes button-programming, device-info loading for licensing,

SDK and sample-source shares etc.

Scanne

#### **Reliable Scanning Performance**

PM70 comes with the world-slimmest and the fastest 1D/2D imager built-in. You can choose the imager as optional. PM66, for warehouse uses, is installed with 1D mid-range laser scanner (reads up to 3meter) or another optional 1D/2D imager. With our advanced scanning technology, PM70/PM66 delivers a lighting speed linear and 2D bar code scanning. Whether the bar code is poorly printed, destroyed, stained, placed high or low on a shelf, you can still expect a reliable scanning performance. Both PM70/PM66 have optional NFC feature to read various MiFare tags and all of ISO15693 & ISO14443A/B.

Battery

#### Stay connected with replaceable betteries

Is it impossible not to worry about the battery lasting while you work out in the field? Because your business needs constant connectivity, your device needs to stay connected 24/7. For constant connectivity for work efficiency, PM70 offers 3,000mAh Li-ion battery and PM66 comes with 4,000mAh. Its true Hot-swap feature makes a battery-changing doesn't mean the 'power off' anymore.

Contemporary design

### SMART enough as your phone

Since its technology on handheld mobile computer is getting synchronizing with contemporary smartphones, Don't worry, You can expect most of latest features of smartphone on PM70/PM66. Full-wireless options; 4G LTE/GSM, fast roaming Wi-Fi, GPS/GLONASS, 13MP/2MP color camera with flash and NFC as well as micro USB charging and more than you expected.

# Display / Ruggedness Unbeatable Durability

Want a durable yet touchable device that survives multi drop onto rough surfaces such as concrete, a dirt road, or even wet ground? Optimized for use out in the field, the PM70/PM66 are certified IP67-water/dust proof. PM70 withstands 1.2m(4ft) multi-drop and PM66 is turned at 1.5m(5ft) multi-drop. PM70/PM66 use Corning Gorilla Glass 3. Its formulated atomic configuration offers three times more damage resistance than a former Gorilla Glass. Your employees can carry the device literally anywhere without concerns.

# **PM70**

Wireless Charging

### First wireless charging technology on Rugged Android

PM70 comes with a wireless charging option, which is following the standard from WPC(Wireless Power Consortium) standard – Qi. It sets you free from every-day-wiring and irritation of USB charging connector's damage. Our wireless charging pad is an optional accessory, but since it is following Qi standard, you may use another Qi standard wireless charging pad sold in the market.

Screen

#### Enterprise-tuned 4.3" wide-viewing angle screen

The screen of PM70 is 4.3" sized, WVGA(800x600) resolution, which is still suitable for most of Enterprise applications in the market, and 500 Nits bright for daylight readability. To meet Enterprise-level, it supports wet-touch and gloved-touch. When you still work under the rain, or when you use PM70 with rubber-coated gloves, you still can click the icon, flip & drag the screen by fingers. For more information about the types of gloves, please consult your nearest Point Mobile sales representative.

# **PM66**

Screen / Keypad

# In-warehouse-tuned 4.3" screen with physical numeric keys

More warehouses, distribution centers and logistic hubs adopt Android platform devices. Nevertheless, your workforces somewhat still prefer physical big keypad and be reluctant when pop-up virtual keypad covers half of your screen. PM66's 4.3" screen has identical feature of PM70, while PM66's 24-key numeric keypad makes the device far better unique. Moreover, some in-premise applications, such as WMS or inventory management, key-input requires firm and accurate. PM66's every key is well-embossed and firmly-divided each other, therefore, it helps your work dramatically.

For scan intensive work environments

#### PM66gun

Since more and more warehouses and logistic facilities adopt Android devices, PM66 now supports a gun handle as an optional accessory you can choose. Your existing PM66 divice can easily slide in to the gun handle. PM66 Gun is designed for any scanning-intensive user application at various working environments, such as warehouse management, picking & packing, retail inventory management and so on. A gun-wearing PM66's battery, but also with a micro USB cable to access PM66's directory.

### PM70 ONLY

#### **SPECIFIC FEATURES**

**Dimensions** 136mm L x 70mm W x 17.4mm D 2.76 in. L x 5.35 in. W x 0.69 in D

**Weight** 213g / 7.5oz

Power 3,000mAh Li-ion 3.8V rechargeable

(UN38.3 certified)
UL2054/UL1642
IEC62133 KC/PSE
Supports wireless charging
Supports micro USB charging

**Keypad** 3 physical keys (Recent apps / Home / Back)

Scanner Integrated barcode scanner

2D imager scanner: Supporting all 1D/2D standard symbology including GS1 databar

Camera 13MP (rear) with LED flash and 2.0MP (Front)

# PM66 ONLY

#### **SPECIFIC FEATURES**

**Dimensions** 166mm L x 77mm W x 29.4mm D 2.76 in L x 5.35 in W x 0.69 in D

Weight 300g / 10.58oz

**Power** 4,100mAh Li-ion 3.85V rechargeable

(UN38.3 certified)
UL2054/UL1642
IEC62133 KC/PSE
Supports micro USB charging

**Keypad** 24 numeric keypad with backlight

**Scanner** Integrated barcode scanner

Reads up to 2.5m (55mil code 39) 1D/2D standard range imager: Reads up to 381mm (UPC 100%)

Camera 13MP with LED flash (rear only)

# PM70/PM66 COMMON

#### **COMMON FEATURES**

**Display** 4.3 in. IPS panel (480 x 800 pixel)

Gorilla Glass 3 Daylight readable Wide viewing angle Capacitive touch Wet-touch / Gloved-touch

Audio Support Support VolF

Built-in dual microphone (Noise cancelling) Speaker, receiver and headset jack (3.5mm) Wireless Bluetooth headset support

Standard High speed USB 2.0 from Communications either cradle or Micro-USB port

#### **PERFORMANCE**

#### Main-Processor

Qualcomm MSM8916 @ up to 1.4GHz Quad-core

#### **Operating System**

Google Android 6.0 Marshmallow (CTS & GMS certified)

#### Memory and Storage

RAM 2GB ROM (NAND Flash) 16GB

Micro-SD Up to 32GB SDHC (user-accessible)

Sensor Proximity sensor / Light ambient sensor

Accelerometer sensor Gyro and digital compass

#### **NEAR FIELD COMMUNICATION**

**NFC** P2P support

MIFARE® 1k/4k/Plus MIFARE UltraLight / UltraLight C MIFARE DESFire / DESFire EV1 ISO 14443 A & B / 15693

#### **GLOBAL POSITIONING SYSTEM**
